

Your prescription program with CVS Caremark starts April 1, 2021

We're CVS Caremark® – Starting April 01, 2021 we are the new pharmacy benefit manager (PBM) for your prescription program provided by the **UFCW Unions and Food Employers Benefit Fund (the Fund)**. As the PBM, we administer the prescription drug benefit on the Fund's behalf. We're writing today to introduce ourselves and let you know what to expect from us in the coming weeks.

Watch your mailbox

By now you should have received an announcement letter from **The Fund** that explains the new features of the program with CVS Caremark. The announcement letter is also available on the Fund's website, **scufcwfunds.com**. We'll be sending you more information as we get closer to April 01, 2021. If there's a change that affects you, we'll let you know what the change is and exactly what you need to do. You'll have time to work with your doctor to take action before the change takes place. We'll be available to help whenever you need us.
